

## Yearbook Final Exam

### Circle One. True or False:

1. The production facility that is putting our yearbook together is located in Birmingham, Alabama.

True                      False

2. The yearbook program that we used to create our yearbook had pre-made layouts that could be placed on a page with a simple click.

True                      False

3. The yearbook program used to create the yearbook did not allow you to create custom layouts.

True                      False

4. If you were unable to find clip art that worked well on a specific page, you could import clip art or images from the internet.

True                      False

5. The theme of our yearbook this year was travel.

True                      False

### Fill In the Blank:

Herff Jones	Y is for Yearbook!	Layout
Upload	Lifetouch	

6. \_\_\_\_\_ is the company that is producing our yearbook this year.

7. \_\_\_\_\_ is the company that produced our yearbook last year, but took our school portraits this year.

8. When trying to place pictures on a page, you must first be sure to \_\_\_\_\_ them onto the server. This way the pictures are saved and can be used later on.

9. \_\_\_\_\_ is the program that we used in order to create our yearbook.

10. Each page of the yearbook has a unique \_\_\_\_\_. This is how the pictures and words are arranged on each page.

30. Megabyte	J. Computer memory equal to 1,000 bytes

**Essay:**

Choose **one** of the following essay topics and write to answer the prompt completely. If time permits, you may answer the second topic for extra credit. The essay should be answered in no fewer than two paragraphs.

- A. The principal of your school had decided to not have a yearbook class next year. Instead, yearbook will be considered an after-school club. Write to persuade your principal that yearbook should be a class rather than a club.
  
- B. This year our yearbook class used Herff Jones and their "Y is for Yearbook" design program to create the yearbook. Think about both the negative and positive aspects about using this program. What are the things you liked and disliked? Write to describe the pros and cons of this creative program.
